

Wishing you could turn back time or change your body?
 Unhappy with your Age Spots or Spider Veins?
 Now you can do something.

BEFORE

AND

AFTER

CONTRAINDICATIONS:

- Cannot be in the sun, tanning bed or use self tanner for 2 weeks before appointment.
- Cannot be using Accutane or Tetracycline for 6 months before appointment.
- Cannot be pregnant or breast feeding.
-

How it Works:

A broad spectrum of light is transmitted through a small, smooth, transparent handpiece which is gently placed over the skin. Filters in the handpiece allow the light to be customized for different skin types. The light penetrates the tissue and is absorbed by either the blood when treating vascular lesions or the melanin when treating pigmented lesions damaging them. The body's natural processes then remove the injured tissue giving the skin a more even and youthful appearance.
